

2010 Merial Veterinary Research Award For Graduate Veterinarians

Merial is pleased to announce the Sixth Annual Veterinary Research Award for Graduate Veterinarians. This award is open to graduate veterinarians who will soon complete or have recently completed a PhD program in the biomedical sciences, or who are in the final 1 to 2 years of residency training in the field of veterinary pathology, medicine, surgery, radiology/imaging, or laboratory animal medicine.

The recipient(s) of the Merial Veterinary Research Award and their faculty mentor will be invited to Merial for a visit in 2010. Each recipient will have the opportunity to present their research findings and gain an insight into pharmaceutical research through interactions with Merial scientists. Award recipients will also receive a \$1000 honorarium.

Applications for the Merial Research Award should include:

- 1) Cover letter
- 2) Curriculum vitae
- 3) Scientific manuscript or detailed written description of your research in journal format
- 4) 2 letters of recommendation in support of submission

Applications will be evaluated based upon the scientific merit of the research performed, the quality of the manuscript or written description, the qualifications of the applicant including participation in scientific meetings, committees or other research related activities, and the strength of the supporting recommendations. Cover letters should include a brief statement describing how this award and a visit to Merial would benefit the applicant or help them further promote veterinarians in biomedical research.

Application deadline: February 15th, 2010
